Principal

Dear Families,

At the Opening School Mass yesterday, Fr Paul reminded us that as we begin our new academic year we are embarking on a journey together; not just with our academics and social interactions, but in the mission we all share as members of a Catholic community in building the Kingdom of God.

Our Holy Father, Pope Francis said during a morning Mass in the chapel of Domus Sanctae Marthae where he lives, "Whoever does not go on a journey will never know the image of God, will never find God. The only way we get to know God is to embark on a journey and in order to go on that journey it is necessary to have that restlessness that God himself puts in our hearts and that carries us forward to seek him."

The Pope asked that "the Lord give all of us the grace of courage to always embark on the journey in order to seek the face of the Lord, that face that we will see but that here on earth we have to go and seek".

On Wednesday we Christians begin our journey of Lent. Once again we follow Jesus into the desert for 40 days of fasting and prayer. Our Lenten journey helps teach us some spiritual discipline! Most of the religions of the world observe fasting. In *Islam*, it is an entire month, Ramadan, when they take nothing during the daylight hours. Some *Buddhists* take no food after noon. For *Hindus*, it may be a certain day of the week. *Jews* fast six days of the year. *Mormons* observe Fast Sunday each month, and members of the *Bahai* faith fast for one month. Fasting and hunger strikes are also powerful political tools. India's Gandhi undertook several long fasts. Cesar Chavez went on a fast for 25 days. It takes real discipline to follow our faith. Fasting — and Lent — help us to be stronger.

Tuesday we acknowledge Shrove Tuesday. This is not a day of fasting... quite the opposite in fact!

Another name for Shrove Tuesday is Pancake Day. Long ago this was a day for feasting and having a good time. People went to church to confess and would be 'shriven' or forgiven before the start of Lent. In the old days there were many foods that observant Christians would not eat during Lent: foods such as meat and fish, fats, eggs, and milky foods. So that no food was wasted, families would have a feast on the shroving Tuesday, and eat up all the foods that wouldn't last the forty days of Lent.

The need to eat up the fats gave rise to the French name Mardi Gras; meaning *fat Tuesday*. Pancakes became associated with Shrove Tuesday as they were a dish that could use up all the eggs, fats and milk in the house with just the addition of flour

[Please see the Canteen section of the Newsletter re the opportunity to purchase pancakes on the day!](#)

Years 2-6 will join the parish community for [Ash Wednesday Mass at 10:00am](#). Parents are welcome to join us for this Mass. Kindergarten and Year 1 will receive their ashes in their classrooms during a class-based liturgy.

Each family in the school receives a copy of the diocesan publication, Broken Bay News (BBN). In this edition, there is an address by Pope Francis "Protect your Families" and Bishop Peter's first message to us as our new bishop. I encourage you to take the time to read from our church leaders.

### After School Dismissal

Thank you to parents Maria D, Kirsty C, Rachelle W, Juliette Cronin and Sascha C-H who have provided support by managing pedestrian traffic flow procedures during this initial change to traffic at dismissal time. Thank you parents for your attention to this procedure.

Please note that **it is illegal to park on Condamine Street after 3:00pm. This is a NO STANDING ZONE**

Thank you parents for remembering to indicate your intention to:

- Turn right to exit via King Street (right indicator)
- Continue through to turn left on Condamine Street (Left indicator).

A special thank you to parents for your support on Thursday in regards to the large funeral held at the church.

This really helps our Kevin manage the exit of all families using the drive through and pedestrian crossing.

### School

Parents are requested to clearly indicate daily dismissal arrangements, using the provided proforma; one form per child (see attachment email). Please complete and return to classroom teacher asap. Thank you for your support with the organisation of smooth dismissal.

**Looking forward to seeing our Year 2 families at the Parish Mass at St Kieran's church this Sunday at 9:30am. Thank you to the children who have been so committed to the choir and will be singing this Sunday as well.**

God bless,

Terri Paterson  
Principal

## Assistant Principal

We've only come to the end of Week 3 but already this term has moved into "industrious" mode as we work through a number of projects on our schedule.

The teachers have mostly completed the MAI Assessments with their students and the results will be analysed at our Staff Development Day on February 27<sup>th</sup>. These results are crucial to providing the teachers with thorough information about each of their students' ability in the areas of Counting, Place Value, Addition & Subtraction as well as Multiplication & Division. From this data teachers are then able to design a specific learning agenda which will better meet and further develop individual needs

Parents will receive the results of the MAI Assessments before the end of February. When reading the results, parents must remember that the results are **not** part of a report on their child's progress. They are simply the MAI Assessment Results and they form the basis of the teaching and learning strategies designed specifically for the student.

One valuable aspect of our whole school MAI Assessments is that children in Year One who are considered "vulnerable" in areas of Number are identified and are given the opportunity to work as part of a small group to develop and consolidate understandings. This ensures that they are better able to manage in the typical Numeracy Block in the classroom. This initiative is known as EMU (Extending Mathematical Understanding) and has been implemented in our school since 2012. Children who are identified work with me as the EMU Specialist. The group meets daily for a period of 20 weeks. Once MAI Assessments have been finalised and analysed, we hope to be able

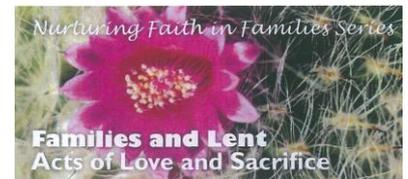

to begin the EMU Group by Monday of Week 5 of this term. Parents of children who will participate in the EMU Program, will receive a detailed letter before the program commences.

This year, we hope to identify and work with an additional EMU Group. This group would be formed from children in the Middle Primary grades. The Middle Primary group will not commence until the Year 1 program has been completed. I will be attending training for the Middle Primary EMU Program during the next few months and plan to commence the program early in Term 3.

Have a good weekend!

## Religious Education Coordinator

In the *Newsletter Attachment Email* is an appendix "Families and Lent". This handout gives daily examples of ways in which our families can prepare for Easter during the forty days of Lent. Thank you Fr Paul for sending on to the school this wonderful publication.

### Opening School Mass, prepared by Year 6

Thank you to Year 6 and their teachers for their thoughtful preparation of yesterday's Opening School Mass. The various Year 6 leadership teams are certainly assuming their responsibilities around the school displaying dignity and humility as servant leaders.

Father Paul and the assembled community blessed our Year 6 Leaders with the following prayer.

Father,  
 Bless these student leaders and their badges of office as they begin their pastoral service in their senior year of primary school.  
 May the Holy Spirit strengthen them in the task they are to begin and inspire generosity in the way they carry out these acts.  
 We ask this prayer through Christ our Lord,  
 Amen.

### Question of the Week

'Make an offering for your healing.' Mark 1: 44

- At school: Have I ever really thanked God for this wonderful world, for yummy food, for...?
- At work or study: Gratitude to God for my life means I will....?
- In my family life: How has our family experienced healing, last week, the week before?

Prayer this week? God, each day new skin cells grow all over me, fresh blood is made and my nails start growing again. Thank you, God of healing and growth. You are Amazing!

This is his 2<sup>nd</sup> children's book. The students from Years 3-6 are invited to listen to James read excerpts from the book as well as hear about his journey as an author. Many parents may have heard James on radio or seen him on TV as host of "The New Inventors." Parents are most welcome to join us (no pre-schoolers please).

The students have an opportunity to purchase the book and it will be signed by James. **Payment is cash only (\$17/book) and may be brought in on the day. Please put the correct money in an envelope with your child's name and class.** If you would prefer to send it in earlier I'm happy to collect money so it's ready on the day. Please see the attached flyer with further information about the book.

### NSW Premier's Reading Challenge

The 2015 Premier's Reading Challenge opens on 2 March. The Challenge aims to encourage a love of reading for leisure and pleasure in students, and to enable them to experience quality literature. It is not a competition but a challenge to each student to read, to read more and to read more widely. All students from K-6 are able to participate.

**If your child has participated in the PRC before, they use the same user name and password.** You do not inform the school that you are participating as each student needs to enter their own books read. The teachers encourage students to participate and last year every student in Year 6 completed it! Students new to PRC can request a user name and password. There is a slip at the end of the newsletter for this.

Your child may commence reading and keep a list of books read which can be logged once it opens. Please refer to the link below to logon (from 2 March ) but also for reading lists and lots of information regarding the challenge.

## St Kieran's Tech Club – Starts Friday!!!

The St Kieran's Tech Club started today at lunch time. Tech Club is an initiative that was discussed by the Technology team for 2015. The purpose of Tech Club is to give St Kieran's students an opportunity to experience some of the exciting technology at the school, in particular the iPads. It is also a great way for our senior students in the Technology Team to work as role models with the younger students of the school.

This week Tech Club will be held for some students in Years 1 and Years 2. There will be a 1:5 ratio of Year 6's to students. Tech Club will be held at 2<sup>nd</sup> half lunch in the Lighthouse every Friday and will be supervised by the Technology Team teacher mentors, Mrs Tracy Brown and Ms Christina Chiarella.

Keep an eye out for photos of this week's Tech Club in next week's newsletter!

## Parent Well Being Workshop

EMBRACE – EQUIP – ENGAGE

### Parents! . . . . . Become equipped for authentic engagement!

Research clearly shows that parental engagement leads to positive outcomes in a child's education. To be authentically engaged means to be curious and excited about our children's school life. However, this cannot happen if we do not look after ourselves.

Our own sense of wellbeing is so very important in allowing us to engage.

We invite you to a  
**PARENT WELLBEING WORKSHOP**  
to be held in St Kieran's Church Hall  
on Saturday 14 March  
from 10.30 am to 1.30pm

The day will include a short introduction to the principal of wellbeing and a choice of workshops designed to help you to explore different practices you can employ to enhance your feeling of wellbeing as well as a nice cuppa and a chat.

Please put this diary in your diary and stay tuned for more information on the workshops being offered.
