Principal

Dear Families

Welcome back to the beginning of another exciting school year at St Kieran's with all the possibilities and opportunities it brings for our community. I welcome new students and their families (however the 2016 Kindergarten cohort begin next Tuesday) and new staff, Ms Nikki Robilliard 4B and Claire O'Brien as executive release, (working in Mrs Mary Brown's classroom on Mondays and Mrs Kerrie Wetzlar's classroom on Thursday and on Wednesdays in coordinator classrooms).

I have visited all classrooms this week and the students are very settled and eager to begin. It seems that the community had a good break from their routines over the summer and are now looking forward to beginning the school year. I particularly acknowledge our senior school students as they begin their leadership responsibilities for the year; the Year 6 leadership teams and the Year 5's with their community leadership roles.

I would also like to acknowledge the staff who has worked during the past few weeks in preparing for the academic year to begin. Teaching staff engaged in professional development on both Monday and Wednesday this week as we prepared for the Year 1-6 students to return on Thursday and Kindergarten to begin the Best Start program.

Please note the following dates for the remaining Staff Development Days for 2016.

**Friday 24 June & Monday 10 October.** These are pupil free/student free days. More information will be available in regards to care being provided at the school site.

Parents are encouraged to check the school calendar for upcoming events for the term.

This year we commence a new journey as Pope Francis has proclaimed this year a Jubilee Year of Mercy. We pray for ourselves and our community:

- May we always remember in good times and in challenging times that we are filled with loving kindness;
- May we share this in our mercy and compassion and may we experience the mercy and compassion of others;
- May we know peace and love and may we know joy in our lives. Amen.

God bless,

Terri Paterson  
Principal

## Assistant Principal

Welcome to the 2016 school year! The students look rested and ready for a year of growth and learning. We start the year with a great deal of assessing and data gathering in order to best tailor the learning to meet individual needs for our students. Already the 2016 Kindergarten students have been working on their Best Start assessments and over the next few weeks, students in Years 1 through to 6 will be completing the MAI Assessment (Mathematical Assessment Interview). This particular assessment gives detailed information about students' Number Skills, in particular – areas such as Counting, Place Value, Addition and Subtraction, Multiplication and Division. These areas of Mathematics are pivotal to success in the development of students' ability to be numerate. This information allows teachers to target specific learning needs by grouping students and planning strategies linked to the Growth Point results as allocated by the MAI Assessment.

**Parents wishing to know the results of the MAI may ask for the results at the Parent Teacher Interviews which will be held at the end of Term 1 rather than during Term 2.** Having the Parent Teacher Interviews at the end of Term 1 means that once data is gathered by the 2016 teacher, needs can then be clearly identified and goals/targets can be set and communicated to parents (and the student) earlier in the year. We believe this is advantageous to the student as it provides all parties with clear directions and goals for growth early in the year, rather than waiting until after the Semester 1 report has been finalised. More information about the **Parent Teacher Interviews** and **Online Booking System** (for parents to book interviews online with teachers) will be communicated towards the middle of Term 1.

During the coming week, teachers will be sending home a form which will require filling in by parents. The form is entitled "ABOUT MY CHILD". It is an opportunity for parents to "introduce" their child to the class teacher for 2016 and provides a positive way for parents to highlight, to the class teacher, any specific talents or needs their child has. **Please ensure this form is returned to the appropriate class teacher by the end of next week!**

Have a lovely weekend....  
Marisa

### NSW Transport – Student Travel and School Bus Service Changes

A reminder: School Special bus services have been renumbered to eliminate any duplication of route numbers that may have caused confusion to students in the past.

Please note these changes do not impact the level of service provided to the school or the route taken by these services. The only change is to the three-digit route number of these services.

**Route 741 will become 614**

**Route 742 will become 775**

**Route 775 will become 779**

Detailed information regarding these changes is available on the Sydney Buses website: [www.sydneybuses.info](http://www.sydneybuses.info)  
To check the exact bus routes go to: <http://www.sydneybuses.info/schools/stkm>

If your child is **started** at St Kieran's school this year or moved from **Year 2 to Yr 3**, or **Yr 6 to Yr 7** you will need to apply for a new bus pass online from Transport NSW – [transportnsw.info/school-students](http://transportnsw.info/school-students).
