### Dear Families

Our Kindergarten children led a beautiful liturgy for our mothers in the KC classroom this morning. Unfortunately, due to the damp ground, we weren't able to hold the liturgy on the playground as planned but we will be holding it again on Monday morning at assembly.

No doubt you will have heard or read about the funding proposals by the Federal Government in the news over the last week. It is very unclear how the changes will affect St Kieran's and other systemic Catholic schools. It appears that the changes will impact more on independent Catholic schools but it is still too early to predict at this stage. The Catholic Schools Office will communicate with families once details are clearer.

The new state member for Manly, James Griffin MP, visited our school today. He was very keen to hear about our community and how he may be able to assist. Having gone through the Catholic school system and a graduate of a Catholic university, he has a good understanding of our Catholic community. He met our Year 6 students and extended an invitation to our leaders to visit parliament later in the year.

Many of our children are caught up in the "fidget spinner" craze that is sweeping the nation! While there is a place for them in schools for some children, they have become a distraction for teachers and other students. If your child has been recommended to use one at school by an occupational therapist then it is fine to have it in the classroom otherwise I would ask parents to ask children to leave them at home.

The question of riding bicycles to school has been raised and to seek an answer I would like to begin the conversation by conducting a brief survey of families. If you click on the link [Click Here](#) you will be taken to a short four question survey. It should only take a couple of minutes to complete.

If you haven't heard the wonderful news by now, Mrs Tracy Brown and her husband Jon are the proud parents of Jesse, a bouncing baby boy. All are doing very well!

Happy Mother's Day to all mothers.

God bless

Michael Gallagher, Principal

SCHOOL NEWS

**Polding Soccer**

Congratulations to Isabella King who has been selected for the Polding Soccer Team which will be competing at state later this year.

**Stage 2 & 3 Gala Day**

An email was sent out yesterday to all parents in Yrs 3-6 regarding Term 2 Gala Day. Relevant information and permission note was attached in the email. If you could please sign the note and return it to your child's teacher asap would be greatly appreciated.

**'Stronger Families, Stronger Communities'**

Commencing next week, St Kieran's Catholic School Community will undertake a **family orientated homework grid**. Homework need not be returned to school until the following Monday to allow families the weekend to participate in some of the family activities on the homework grid or indeed, add some of your own.

As part of our Families Week all children will be bringing home a paper doll chain. The children are asked to decorate their paper dolls in the likeness of their family members. Please feel free to add to the template to reflect your family dynamics or to include grandparents. Children may colour in their paper families, add bits of material or wool, create collage or write words to describe their families.

On the back of the paper doll chain you are encouraged to write a sentence with your child about your family. Sentences may use the themes: My family is special because ..... or I am grateful for my family because..... . Please return your paper dolls chains to school so they can be displayed in the classroom, around the school and in the church.

This week families will receive an inspirational booklet entitled "**Walking the Way.**" Published by Mission Services at Broken Bay Diocese this text is a celebration of the wonderful journey that is life. "Walking the Way" explores many themes associated with the journey of life; family life, life in the fast lane, life in community and rejoicing and grieving. The short articles in the booklet can be read individually, shared as a family or as a group of parents. Please enjoy.

**Kindergarten Mothers' Day Liturgy**

Due to the weather and the damp ground the proposed Kindergarten liturgy was moved to the Kinder rooms today. This liturgy will be repeated on Monday morning at assembly for all to enjoy

We are delighted to see the youngest members of our school community leading us in prayer and reflections for our most precious Mothers and Grandmothers.

## Robotics

What a versatile space the Kieran Room is. A few weeks ago it was set up to be a sacred space where classes solemnly reflected upon the Scriptures of Holy Week and the Resurrection. During the normal school week it becomes a Music and Italian classroom.

On Fridays the Kieran Room is transformed into a ROBOTICS classroom. Students from K – 6 learn basic coding before downloading their programs to robots. Students are challenged to program their robots to perform different actions. Year 4K relished the Robotics program last Friday. Working in pairs they problem solved, adjusted lines of code and negotiated a series of challenges.

Science, Technology and Mathematics outcomes are covered in the Robotics course as the students use appropriate terminology to describe, and symbols to represent mathematical ideas. Using 'blocks' of code, students sequence and design programs to make their robots move through a series of challenges.

**Book Club:** The current issue of Book Club has now closed. No late orders will be accepted.
