

### **I dream a school**

where learning is celebrated, there is laughter and loving, where  
there is song and dancing,  
Where all celebrate the joy of community and learning at St  
Kieran's

### **I dream a school**

where the students marvel at the wonder and awe of learning.  
Where the dignity of each child is respected.  
Where acceptance and compassion is visible and students feel  
safe and happy.

### **I dream a school**

where our parent community builds on the good work that has  
already been done.  
Where each parent feels they are a vital part of a partnership  
with staff, to bring out the very best in each of our students.

### **I dream a school**

where the staff feel they are part of a highly professional learning  
community.  
Where our passion for teaching and learning is fostered and valued.  
Where we bring and share our many gifts and talents that open the  
student's minds and hearts.

### **I dream a school**

where the staff rejoice in the achievements of all students,  
knowing we have made a difference to embrace, equip, engage  
and empower our students.

### **I dream a school**

where our school community, is one of prayer, celebration, love of our  
faith and we walk humbly with God.  
Amen.
