Overview

The Conferences module allows schools to manage conferences between different members of the school community.

Parents or students (depending on your target group) can log in to Compass and book a time with staff members at the school.

For information on how they can make bookings via the Compass School Manager App, please refer to the ['Booking Conferences on Mobile Devices'](#) article from our Knowledge Base.

Notifications

When a cycle is set as 'Open' for the target audience, and the target audience is Students, all students enrolled in the cycle will have a notification on their Compass dashboard advising them that they have a conference cycle open to make bookings for.

When a cycle is set as 'Open' for the target audience, and the target audience is Parents, parents of all students enrolled in the cycle will have a notification on their Compass dashboard advising them that they have a conference cycle open to make bookings for.

- Margaret ATWOOD:** A profile section with a list of actions: Profile (Attendance, Schedule), Send email to Margaret's teachers, Add Attendance Note (Approved Absence/Late), and Book Parent Student Teacher Conference.
- Compass:** A section with a 'My News' header and a highlighted notification for 'Parent Student Teacher Conference' with the text 'Interim Report #2 Parent Teacher Conferences' and a 'Click here for booking' link.
- House Group Announcements:** A message welcoming new students and reporting to house leaders.
- Grade 5 Ned Kelly School Camp!:** An announcement about a school camp, including a 'See More' link and three small images of the camp.

Making a booking

The user can click the notification to proceed to make a booking.

To access all their conference cycles, they can click the Community menu (two people icon) and choose 'Conferences'.

When they click the notification, they will be taken into that specific cycle. If a Description was included in the cycle settings, the user will see this information. They can click either 'Start Booking Now' or 'Show me How to Book' to proceed.

If they have more than one child enrolled in this cycle they will be able to select which child they are making bookings for (students making a booking will only have access to their own bookings).

The possible classes or groups that bookings can be made for in relation to the student will display under their name.

This will display to the target group when they go into the cycle to make their bookings. See below for an example of how this appears to the Target group when first entering the interview booking screen.

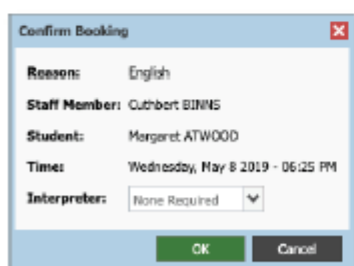

There are two ways to make bookings, by 'Timeslot' or by 'Teacher'.

Timeslot

To book by timeslot, the user will click the timeslot they are wanting to make the booking for. The teachers that they are eligible to book will be selectable on the right hand list if they are available at that time. If a teacher in the list is not available at the selected timeslot, they will be greyed out.

The user then needs to click the staff member on the right that they want to book with at that selected time. A confirmation will pop-up and they can then click 'OK' to make the booking.

The timeslot and correlating staff member will show as green indicating a booking is in place. Any staff in the user's list that they have made a booking with will show as green. White indicates they are yet to be booked with by the user.

Teacher

To book by Teacher, the user needs to click the teacher from the list on the right that they want to make a booking with. This will cause any timeslots that the teacher is still available for to display.

Changing a Booking

While a cycle is set as 'Open' for the user, they can change their bookings if they want to. If the cycle is set to 'Read-only' the user cannot make any edits and will need to contact the school office for assistance.

To delete the booking or change the timeslot, the user can click the staff member from the Teacher list on the right. The details of their existing booking with that staff member will pop-up.
